Security Assessment

Identifying and Mitigating Risks to Help Achieve Your Organization's Goals

Microsoft Funding Available

Partnering with Microsoft, **Infused Innovations offers a 4-week assessment** to review your organization's security landscape, risks, and vulnerabilities and provide you with a holistic approach to your security strategy. The Security Assessment comes with funding to help support the engagement and includes:

STRATEGY WORKSHOP

Identify business priorities, timelines, and milestones for a successful and secure cloud adoption

SECURE SCORE REVIEW

Assess Azure & O365 Secure Scores and provide recommendations for improvement

ANALYZE ASSETS

Review assets to identify unmanaged devices, unsupported desktop and operating systems, and vulnerabilities

OUTCOMES FOR YOUR ORGANIZATION

At the end of the engagement, we provide your organization with an in-depth analysis of your security posture, which includes:

- Identifcation of business objectives
- Addressing vulnerabilities in applicable operating systems, infrastructure, and endpoints
- Assessing end-user identity policies and usage data

- O365 and Azure Secure scores
- CAF governance analysis and Zero Trust Framework overview
- Prioritized risk mitigation recommendations
